

MOTO-LITA have been designing and making custom steering wheels since the 1950s. AC Cars, Aston Martin, Cooper Car Co., Caterham, Jensen, Lister, Lola, MG, Opel, Panther, Rolls-Royce, Rover, Saab, Shelby Mustang, Triumph, TVR and Vauxhall are some of the companies who have chosen MOTO-LITA steering wheels for their quality, enhanced driving comfort and good looks. MOTO-LITA steering wheels are designed and hand built in England by British craftsmen.

The centres of Moto-Lita's steering wheels are hewn from a solid billet of aluminium. With this in mind we're afraid that you might have to wait a while if you order a 16" wheel and it's not in stock. The solid cylinder of aluminium is very heavy and they don't like picking it up and putting onto their cutting saw to make only one wheel! 16" wheels are made to order only

Unless stated, for all of these steering wheels you will need a boss to fit it to your car. Please see following pages for details

The original classic British Wood Rim Steering Wheel. Built from selected cross-laminated wood which is bonded and rivetted to a one piece, heavy gauge, hand polished, aluminium alloy frame. The underside of the rim has 36 carved finger notches. The rim is finished in a hardwearing deep lustre which is resistant to petrol, oil and the elements

381(15")	090.059	£170.40	£142.00
406(16")	090.060	£273.60	£228.00

MARK THREE WITH SLOTS

Flat wheels:

Dia (mm)	Part No.	Price each	ex VAT
330(13")	090.063	£170.40	£142.00
356(14")	090.064	£170.40	£142.00
381(15")	090.065	£170.40	£142.00

Dished wheels:

Dia (mm)	Part No.	Price each	ex VAT
330(13")	090.066	£170.40	£142.00
356(14")	090.067	£170.40	£142.00
381(15")	090.068	£170.40	£142.00

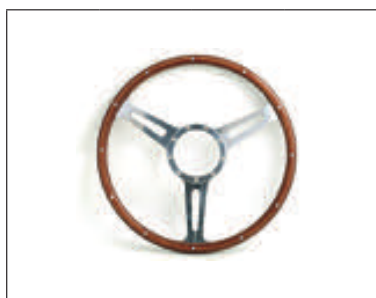

MARK THREE TEARDROP SLOTS

Flat wheels:

Dia (mm)	Part No.	Price each	ex VAT
356(14")	090.670	£170.40	£142.00
381(15")	090.671	£170.40	£142.00

Dished wheels:

Dia (mm)	Part No.	Price each	ex VAT
356(14")	090.672	£170.40	£142.00
381(15")	090.673	£170.40	£142.00

DERRINGTON SLOT

With slots in the spokes. Flat wheels:

Dia (mm)	Part No.	Price each	ex VAT
381 (15")	090.628	£207.60	£173.00
406 (16")	090.629	£279.60	£233.00

VW Derrington was an aftermarket company supplying bolt-on-goodies in the classic era. Moto-Lita made Steering Wheels for them in period. Their particular feature is equally spaced spokes

DERRINGTON - JAGUAR

As originally supplied by Moto-Lita to VW Derrington for the *Jaguar Mk II*. Three plain spokes. The underside of the rim has 36 finger notches. It comes complete with aluminium alloy boss and you refit the original horn ring. Made to special order, allow time for delivery

Dia (mm)	Part No.	Price each	ex VAT
406(16 in)	090.629JAG	£393.60	£365.00

CLASSIC FOUR SPOKE

Classic four spoke. Like the Bentley Boys wheels! Laminated wood and rivetted rim

Flat wheels only:

Dia (mm)	Part No.	Price each	ex VAT
356(14")	090.050	£220.99	£184.16
381(15")	090.051	£220.99	£184.16
406(16")	090.052	£297.76	£248.13

BOSS & HORN PUSH FOR JAGUAR E TYPE

Boss for above Steering Wheels. Made from billet aluminium and highly polished, fits original **E Type** column. Takes OE (Original Equipment) horn control or you can use the special **Jaguar** horn control below

Part No.	Price each	ex VAT
090.596	£126.00	£105.00

Horn Push, together with Boss 090.596 this is for use with Steering Wheels 090.061 and 090.062 above

Part No.	Price each	ex VAT
090.500	£74.36	£61.97

MOTO-LITA SPACER

Fits between the boss and the steering wheel to bring the latter closer to you. Black crackle finish. Supplied with nine longer screws to secure the steering wheel through the spacer into the boss. Originally made for the **Jaguar XK120**

12.5mm (1/2")	090.858
19mm (3/4")	090.608
25mm (1")	090.859
Price	£44.40 each £37.00 ex VAT

LEATHER RIM STEERING WHEELS

The classic British leather rim steering wheel, suitable for virtually all cars from a 1950s sports car to the latest saloon. Made from top quality black leather, handsewn over a natural rubber handgrip, with each spoke having an integral soft padded thumb grip. The traditionally drilled heavy gauge aluminium alloy spokes are either anodised matt black or polished. Unless stated, for all of these steering wheels you will need a boss to fit it to your car. Please see following pages for details

BOSSES FOR STEERING WHEELS

+44(0) 1885 488 488

Mota-Lita bosses are machined from aluminium alloy castings and are stove enamelled wrinkle black. Each boss is splined to fit a particular steering column, and enables you to fit the Moto-Lita steering wheel of your choice. It is important to have the correct boss for your car. Please select a boss from the list below. If your car is not included here please phone our order line with details of your car: make, model and year

Bosses come fitted with either a plain cap or with a horn push which are moulded from black plastic and have a finish to match the boss. They have a indent to take a decal. They are supplied with an appropriate decal

HORN PUSHES & CAPS

The wrinkle black centre of Moto-Lita bosses can be replaced with a horn push or cap machined from solid aluminium billet and polished. When fitted, the centre of your steering wheel is polished aluminium (no black showing). They are available in two sizes. The smaller one allows the ring of screws securing the steering wheel to the boss to be seen and the larger size covers those screws. If you have a horn push in the centre of your steering wheel order a horn push, and if you don't then order the cap. Both are available with or without an indent for a decal

Moto-Lita

CAP

Without indent for decal
Small size (screws seen)

090.518

£43.20 each | £36.00 ex VAT

Large size (screws hidden)

090.517

£48.00 each | £40.00 ex VAT

HORN PUSH

Without indent for decal
Small size (screws seen)

090.089

£72.00 each | £60.00 ex VAT

Large size (screws hidden)

090.086

£78.00 each | £65.00 ex VAT

JAGUAR E TYPE HORN PUSH

We also offer a special horn push for the Jaguar E Type. Goes with steering wheels Part No.090.061 and Part No. 090.062 (page 198)

090.500

£74.36 each | £61.97 ex VAT

CAP

With indent for decal
Small size (screws seen)

090.520

£43.20 each | £36.00 ex VAT

Large size (screws hidden)

090.519

£48.00 each | £40.00 ex VAT

HORN PUSH

With indent for decal
Small size (screws seen)

090.504

£62.70 each | £52.25 ex VAT

Large size (screws hidden)

090.503

£63.30 each | £52.75 ex VAT

SPACER

Fits between a Moto-Lita boss and their steering wheel to bring the latter closer to you. Black crackle finish. Supplied with 9 longer screws 12.5mm (1/2")

090.858

19mm (3/4")

090.608

25mm (1")

090.859

All one price: £44.40 each | £37.00 ex VAT

STEERING WHEEL RIM & SPOKES

Made in England using the original Bluemel tooling and traditional materials. The spokes are stainless steel with chrome separators. Acetate rim colour black unless stated. For pre-war **J, N, P, TA, L Types** and post-war **TC, TD, TF, MGA**. The black wheel above is shown fitted to a boss. Also for **Morgans** and other cars 356mm (14") diameter

090.607

£241.80 each | £201.50 ex VAT

As above but cream (shown right)

090.614

£259.80 each | £216.50 ex VAT

394mm (15.5") diameter

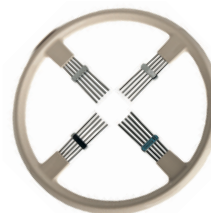

090.621

£215.12 each | £179.27 ex VAT

432mm (17") diameter

090.620

£215.12 each | £179.27 ex VAT

BOSSES FOR MG'S

These enable the above rims to be fitted to:

Pre-war **MGs** including **J, N, P, TA, L Types**, up to about 1938

090.622

£154.64 each | £128.87 ex VAT

MG TC 1946 to 1949

090.623

£148.80 each | £124.00 ex VAT

MG TD & TF from 1949 to 1955. This column has a keyway

090.602

£128.70 each | £107.25 ex VAT

MGA from 1955 to 1962. This column has a spline

090.603

£134.64 each | £112.20 ex VAT

Spare centre brass disc engraved with **MG** logo. Gold colour (shown right)

090.615

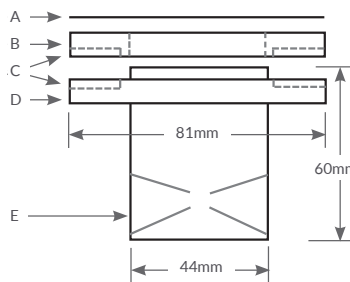

£36.00 each | £30.00 ex VAT

BOSS FOR OTHER CARS

This **unbored** boss enables steering wheels Part Nos 090.620 and 090.621 to be fitted to cars of other makes. Supplied with four bolts/nuts/washers which clamp parts together

090.624

£135.24 each | £112.70 ex VAT

- A - Brass disc suitable for engraving/etching or replacing with logo etc relating to your car
- B - Top plate
- C - Bluemels steering wheel fits here into slots provided
- D - Cast aluminium boss. You will need to machine it to suit the column of your car. This could involve machining a taper, a spline or keyway, and slitting and cross drilling it to make it clamp your column. Surfaces are polished
- E - Bosses for cross drilling

BOSSES FOR MORGANS

These enable the above rims to be fitted to:

Morgans up to 1971 with non-collapsible splined column, shown left

090.617

£152.52 each | £127.10 ex VAT

Morgans with collapsible column - later cars (no horn push), shown right

090.618

£148.80 each | £124.00 ex VAT

SPARE BLOCKS FOR SEPARATING SPOKES:

Chrome (left)

090.616

£9.60 each | £8.00 ex VAT

Enamelled (right)

090.619

£24.00 each | £20.00 ex VAT

Andre Hartford Shock Absorbers are suitable for use on all makes of vintage car, and for all types of road and track events. This is the latest high efficiency model

New improved friction discs, specially treated and impregnated, to resist the weather and give a smooth damping action under the most extreme working conditions

A self locking indicator clearly registering the degree of adjustment which cannot work loose

Dual control springs on either side of the shock absorber giving an accurate pressure adjustment

New type non-corrosive friction plates unaffected by weather conditions

Sizes	Suitable for use on cars up to:
3½" single disc	1 tonne
3½" multiple disc	2 tonne
4½" single disc	1½ tonne
4½" multiple disc	2 tonne

(1 tonne = 20 cwt)

All arms are fitted with rubber bushes. These require no lubrication or attention, always remain silent in action, and have a long life

Arms length	3½" Diameter Single Disc 1 blade into 2	3½" Diameter Multiple Disc 2 blades into 3	4½" Diameter Single Disc 1 blade into 2	4½" Diameter Multiple Disc 2 blades into 3

All shock absorber arms are finished in black enamel, with 3 colour indicator dial. Bolt, stars and locking rings are bright cadmium finish. Brass interleaving rings and wood friction discs in natural finish. Length of arms is measured from the centre of the indicator disc to the centre of each mounting bush. If you require shock absorbers with unequal length arms, please ask our Help Line for a quotation, prices are higher than with equal length arms
